

KONICA MINOLTA

EXTENDED WARRANTY SERVICE

We at Konica Minolta want nothing more than for your company to be successful. Which explains why we also want to ensure that your office runs successfully. It is against this background that we offer innovative services which protect our customers' investments – services whose quality we continually monitor and improve. Customer satisfaction and responding to our customers' needs are among our top priorities – our Service & Support unit and Customer Call Centre are available around the clock, and you can count on us to always find the best individual solution that's right for you. If you want the peace of mind of knowing that a broken printer will be up and running again the very next day, our extended warranty service may be just what you need!

▀ Service

Our extended warranty offer allows you to prolong the standard warranty for your on-site Konica Minolta printer to a maximum period of five years after the purchase date. The extended warranty covers both manufacturing and material defects. **Our General Business Terms & Conditions can be found at: www.konicaminolta.eu/ews**

▀ Notes

- Before purchasing this service package, please check whether it is available in your geographic area (based on your postal code). For more information please contact your national Konica Minolta representative office.
- This service allows you to extend the duration of your standard warranty up to a maximum of 5 years from the date of purchase.
- Parts and supplies necessary for repairs/maintenance (or the replacement thereof) are not included and will be charged separately.
